

AA-27-AA Recognition

The ATA recognizes shooters at the end of each target year who have AA averages in both singles and doubles and are on the 27 yard line at the end of the target season. Minimum target requirements are required in order to qualify for this recognition.

New Mexico Recipients

List provided compliments of Trap & Field

If you are a New Mexico resident that has received your "pin" and you are not on this list, contact nmtrap.com. Provide the year you earned your AA-27-AA pin and if you were not living in NM at the time, the State you were residing.
